(Dear Salutation,)

Where were you when you first became aware of hope? It might have been in the midst of family, surrounded by friends or during worship. It could have been during a difficult time, or perhaps after you persevered through some trial. Do you remember?

There's Hope for All of Us

Truth is, many of us have never had reason to wonder when or where our hope began. It's just always been there. For many of those we've served over the past 75 years, hope greeted them when they crossed our threshold for the first time and were welcomed with a smile and genuine caring from another of God's children.

Sometimes We Just Need Help Finding Hope

They are people like Kevin, who first joined us in August 2016. He had no job, no close family and, other than his dog, no companionship. He and his dog had been sleeping in the back of a pickup. The pain in one of Kevin's legs, from a long-term illness, had become excruciating. The doctor said the leg had to come off. Kevin came to the Mission following his surgery, not knowing what would happen next.

What Happened is He Found Hope

Kevin's getting three square meals and a bed everyday, and assistance with medical issues and housing. A prosthetic leg is on the way, and he's looking forward to learning how to walk again. And he has people to support him through the ups and downs. Kevin has embarked on a new beginning, thanks to the generosity of friends like you.

Where Hope Begins

John 10:10

"I have come that they might have life, and that they might have it more abundantly."

We put our hearts into giving people new beginnings every day. You've opened your own heart to give new hope to so many who desperately needed it. And they've paid it forward with an abundance of hope and caring for others.

Please consider giving today to help make more new beginnings possible. After all, hope is the fountain from which the most abundant lives spring.

Sincerely,

Nancy Andrews
Executive Director

P.S. Every \$33 you give will provide a night of lodging, clothing, three meals, and a new beginning for someone desperately in need of one. As we look toward 2017 and the Mission's 75th anniversary of providing so many new beginnings, we are honored to partner with you to continue this good work.
